From Jennifer's Desk...

What a great start to the New Year. Wonderful things have already started.

As you all know that our third floor exercise room has now been relocated to the first floor. All are welcomed and if you need help with exercise equipment we are always happy to help. Also, take advantage of the wonderful exercise program we have here in the morning! Now the third floor common area is called the Billiard Room. You may play pool, watch TV on the large screen and soon be able to play cards there. We are painting the third floor Billiard Room and replacing the carpet. Please excuse the construction while we put this all in place. What a wonderful addition to Lockwood of Fenton. The residents of Lockwood of Fenton asked for it and you got it. This month we have tons of things going on and I hope you have a wonderful time with all the events. The Theme for the month is Love. On that note I wanted you all to know that it is a true love of mine to be here at Lockwood of Fenton and I care for you all and only want the best for you..

Remember my door is always open for you.
